FIG. 3E

The diagram illustrates a graphical user interface (GUI) for a file editor, labeled 110. The GUI is contained within a rounded rectangular frame. At the top, there is a title bar labeled 300 with the text "FILE EDIT VIEW". Below the title bar, the main area is divided into two panels. The left panel, labeled 306, contains a drawing of a horizontal bar (310) with a small square handle (320) and a diagonal arrow (308) pointing towards it. A mouse cursor (314) is positioned over the handle. The right panel, labeled 304, contains two rectangular buttons. The top button is labeled 310 and the bottom button is labeled 302. A diagonal arrow (308) points towards the bottom button.

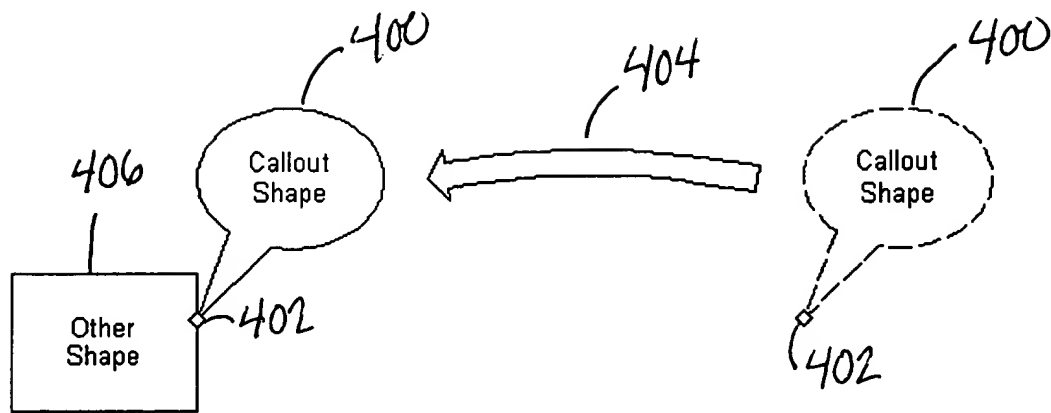

FIG. 4A

The diagram shows two states of a shape. The top state shows a dashed rectangle labeled 'Other Shape' (406) with a dashed callout bubble labeled 'Callout Shape' (400). A large downward arrow (410) indicates a transformation. The bottom state shows a solid rectangle labeled 'Other Shape' (406) with a solid callout bubble labeled 'Callout Shape' (400).
